SUSPENSION  
AND RIGGING.

**EXOFIT NEX™**

Certified to NFPA 1983.

THE ULTIMATE IN FALL PROTECTION

PRODUCT SHEET

# GET INTO THE BEST! THE ULTIMATE FULL-BODY COMFORT HARNESS!

The ExoFit NEX™ Rope Access and Rescue Harnesses incorporate the most advanced technologies in the industry. These multi-use harnesses are ideal for the professional performing rescue and emergency services, industrial rope access and rigging, wind energy and tower maintenance—as well as for arborist activities. The harnesses combine specialized designs, components and hardware to optimize rope rescue and industrial rope access work.

## COMFORT.

These harnesses are comprised of materials that won't add unnecessary weight, and provide the ultimate in comfort even during extended use. We add moisture wicking padding wherever appropriate to keep you dry and cool all day. We also implement critical adjustment features that allow for a perfect fit.

## FUNCTION.

ExoFit NEX™ will provide the freedom and confidence to function at your maximum potential. Innovative safety devices and groundbreaking design features—such as Duo-Lok™ quick-connect buckles, Tech-Lite™ aluminum D-rings and Hybrid comfort padding—permit the wearer to work smarter, faster and safer.

## DURABILITY.

The ExoFit NEX™ harness is designed using materials of lasting strength, including Repel™ webbing and Tech-Lite™ hardware made from aircraft aluminum. It can withstand incredible demands on a daily basis. More remarkably, each ExoFit NEX™ harness is built to perform to the highest standards in the harshest of environments—your job site!

# EXOFIT NEX™

The Ultimate Full Body Comfort Harnesses

ExoFit NEX™ harnesses are the newest, most advanced harnesses in the industry. They're the culmination of our experience with ExoFit™ and ExoFit™ XP, ongoing research and the incorporation of new materials and innovative features. When you purchase an ExoFit NEX™ harness, you can be certain that you're purchasing the finest harness available today, from DBI-SALA™ or anyone else.

## NFPA CERTIFIED

Certified to NFPA 1983 Class III, and meets OSHA, ANSI Z359.1 and CSA 259.10 for complete peace of mind.

### ULTRA-SOFT EDGING

Soft-Feel edging eliminates chafing and improves comfort.

### MOLDED LANYARD KEEPERS

Easy holstered snap hooks will break away to avoid trip hazard

### REFLECTIVE MATERIAL

On front and back—provides greater visibility of the worker in dark or dangerous environments. (Black-out model also available.)

### HYBRID COMFORT PADDING

Lightweight, moisture wicking and breathable padding won't move or slip, always keeping the worker comfortable.

### FRONT ATTACHMENT POINT

Versatile D-ring location is ideal for descent, rescue or work positioning tasks.

### REPEL™ WEBBING

Water repellent to reduce attraction of mold and dirt—also up to five times more abrasion-resistant for longer life.

### TECH-LITE™ FULL-SIZE

#### ALUMINUM D-RINGS

Extremely lightweight alloy commonly used in military and aerospace offers a higher level of comfort and security.

### ERGONOMIC BODY BELT AND PAD

Provides greater comfort and work positioning options for extended periods of use.

### SUPERIOR X-DESIGN

Unique X construction wraps around the user for the ultimate in comfort, security and no-tangle donning.

### DUO-LOK™ QUICK-

#### CONNECT BUCKLES

Lightweight one-handed use with memory-fit web-lock ensures fast, non-slipping connections.

### LIGHTWEIGHT

#### LEG PADDING

Ergonomically designed leg pads provide greater comfort for longer use.

**420 LB.  
CAPACITY**  
ON ALL MODELS

Equipped with
