

TECHNICAL SPECIFICATIONS

AIR MOUNT

Model No.3ZRFA-A32BK

Product Data Sheet

Overview

The AIR Mount was designed to be a light weight, precise and easy to use mounting solution for the AIR32 antenna. Allows for quick installation of the RF aligner onto the AIR32 by utilizing ball bearings to spin mounting posts onto existing AIR bracket hardware.

The modular design of the AIR Mount enables the RF Aligner to be installed forward, reverse, +90 or -90 degrees orientation.

Capabilities

Compatible with the AIR32 and AIR21 antennas. 360 degrees mounting capabilities.
