- SPECIAL TRAINING AND KNOWLEDGE ARE REQUIRED TO USE THIS PRODUCT
- YOU MUST THOROUGHLY READ AND UNDERSTAND ALL MANUFACTURER'S INSTRUCTIONS BEFORE USE
- USE AND INSPECT THIS PRODUCT ONLY IN ACCORDANCE WITH THE MANUFACTURER'S INSTRUCTIONS
- YOU CAN CONTACT THE MANUFACTURER AT 706-764-1437 FOR IMPORTANT SAFETY INFORMATION.

PMI LIMITED WARRANTY

PMI products are warranted to the original retail purchaser to be free from defect in material and workmanship for a period of one year. PMI will repair or replace the item without charge provided inspection at our factory discloses no misuse or alteration, which, in our judgement, has affected the condition or functioning of the product. All implied warranties imposed by law in connection with the sale of PMI products are also limited in duration to a period of one year. PMI expressly excludes and shall not be liable for any consequential damages arising out of any breach of the express or implied warranties on sales of PMI products. Because of the high risks involved in high angle rope work such as, but not limited to, rescue, rope access, caving, rappelling, rock climbing and mountaineering, no further warranties exist or are implied by PMI. Regulations issued under the Magnuson-Moss Warranty Act require us to include the following statement: some states do not allow limitations on how long an implied warranty lasts nor the excluding or limitation of incidental or consequential damages, so the above limitations may not apply to you.

Do not use as a rigging strap or as a primary point of attachment!

- SG51049** **1-Ztep** – Adjustable length - 28-46 inches (71 - 117 cm)
- SG51040** **4-Ztep** – fixed length - 51 inch (129 cm)
- SG51034** **5-Ztep** – fixed length - 63 inch (160 cm)
- SG51096** **6-Ztep** – fixed length - 75 inch (190 cm)
- SG51118** **Double Footloop** – fixed length - 22 inch (56 cm)

Proper training is required before use. Read and retain these user instructions in a permanent record, and maintain a copy with the product along with the product use and care record. A use and care record should be established and maintained by the purchaser or user of the life safety product according to his need, and should include records specific to that product. Specific information to note would include date of purchase; date put into service; and service, maintenance and inspection records. Refer to this information before and after each use.

The user of this equipment assumes all risks and responsibilities associated with its use
