PART	DESCRIPTION
PP-EV6151S-W	White - Non Vented CLASS E
PP-EV6151S-Y	Yellow - Non Vented CLASS E
PP-EV6151SV-W	White - Vented CLASS C
PP-EV6151SV-Y	Yellow - Vented CLASS C

THE PERFECT BLEND OF COMFORT AND STRENGTH

FIRM FIT

The deep nape strap enables the firmest retention of any Hard Hat, keeping it firmly rooted on the head even when fully inverted.

SUPREME COMFORT

A 6-point textile cradle suspension system offers unrivalled comfort without compromising performance.

CHAMLON SWEATBAND

Egyptian cotton core with porous PU coating for maximum sweat absorption. PH neutral, dermatologically tested.

3D PRECISION FITTING

Never before has such a precise fit been attainable on an industrial Hard Hat, using the unique 1-2-3 point harness depth settings.

TOUGH HDPE SHELL

In tests the EV06151™ proved far tougher than the EN397 & ANSI/ISEA Z87.1 - 2009 Type I standard required and delivers optimum performance in today's advanced environment.

VENTILATION OPTION

Side ventilation for optimum air movement inside the shell, reducing Hard Hat temperatures.

Your Company Logo and/or details can be printed on the front, back and/or sides of the EV06151™ Hard Hat. For further information contact GME Supply Co. Minimum order: 30.
