WHAT'S NEW?

The revolutionary **MSA V-Flex Safety Harness** is a premium member of the V-Series family of fall protection. The racing style harness achieves exceptional comfort and fit for long days on the job so you can focus on the task at hand. The RaceFLEX connection reduces the need for harness adjustment for improved worker mobility. **pg 20 ▶**

In need of some top of the line anchorage? The **CMI Heavy Duty Anchor Slings** are just what you may be looking for. These anchor slings are designed with a continuous loop of 1" sewn webbing. When it comes to strength, the proof is in the numbers. They earn their heavy duty title with an MBS rating of 14,000 lbs, a safe working load of 2,800 lbs, a choker rating of 13,900 lbs and a v-basket configuration rating of 29,000 lbs. They also offer you six different length options. **pg 44 ▶**

The **Petzl I'D Descender** is new and improved for 2019. It now features an AUTO-LOCK system which positions the descender handle in a locked position when released. Also new is an integrated anti-panic function and anti-error catch, which limits the risk of a user error accident while in use. **pg 65 ▶**

The **Ronin Lift Power Ascender** is a battery-powered rope ascender with a lightweight and durable design. The battery is hot-swappable to keep you moving all day long. Let Ronin get you up and down your rope so you can save energy for other important tasks. **pg 71 ▶**

Who said safety can't be stylish? Each **Dax Fifty 50 Carbon Fiber Hard Hat** is hand laid giving it a unique, one of a kind appearance. It features a 6-point suspension system, offering you superior comfort and impact protection. An innovative Clarino synthetic leather comfort dome and an over-sized ratcheting fitment dial makes adjustment a breeze. **pg 127 ▶**

- 190 - **Bosch Blaze Outdoor Laser Measure with Camera**
- 190 - Bosch 1" SDS-Plus Bulldog Xtreme Rotary Hammer

If adjustability is at the top of your list, look no further than the **Petzl STRATO High Performance Helmet**. It features two adjustment systems. Centerfit allows you to adjust the helmet to be perfectly centered and is adjusted by the two side wheels. Flip&Fit positions the headband low on the back of the helmet to guarantee that the helmet fits securely. **pg 129 ▶**

The **Bosch Blaze Outdoor Connected Laser Measure** features an adjustable zoom camera, measuring up to 400 ft. and can transfer the measurement documentation to a smartphone or tablet with Bluetooth using Bosch's MeasureOn app. The outdoor laser measuring device provides real-time length, length, area, volume, and indirect measuring functions – which are simple to take advantage of thanks to the display guide walking through each measurement process. **pg 190 ▶**
