FARWEST
LINE SPECIALTIES

**ComfortLite™ Aluminum Kit
A94K9V-BL**

- Our lightest and most comfortable climber kits to date!
- Ergonomically designed to relieve pressure points and direct pressure to non-sensitive areas of the leg while climbing.
- Features The ComfortLite™ wrap pad, a dual layer of compression padding and a lightweight Copolymer cuff for ultimate fit & comfort.
- Patented GRiP™ (Gaff Ridge Position) technology keeps the gaff pointed toward the heart of the pole, which promotes a more natural upright position.

**ComfortLite™ Steel Kit
SBG94K9V-BL**

**BuckSeat™ Adjustable 4-D Body Belt
4305**

- Unique Patent Pending D-Ring design offers multiple attachment options while providing the lower profile of a 2 D-ring belt.
- D-Ring separates your primary WPFR device and secondary lanyard connecting hardware for easy access.
- Self Tensioning D-rings on belt portion.
- Slot in the body pad allows for adjustment and independent floatability of the removable seat.
- Lightweight, coming in at only 5 pounds, 3 ounces!

BUCKINGHAM
BUCK
1896

NEW FROM BUCKINGHAM

www.BuckinghamMFG.com

**BuckSqueeze™ Lite
486DK4MA**

- Our lightest wood pole fall restriction device to date at just 3.5 lbs.!
- Nose D-ring; a large easy to connect d-ring with a slotted "nose" that interlocks with the rotoSnap to create a rigid connection. Makes ascending/descending easier and creates ease of reconnecting while transitioning for more efficient transfers. Great for rodeos!

**Next Generation Buck Arc™ Harness
U68P98K700Q1**

- Highly Durable Nomex/Kevlar webbing.
- Softer feel webbing for extra comfort.
- Aluminum Quick Connect Buckles on chest & leg straps.
- Kevlar web loop for secure fall arrest connection.
- Anti Chafe Technology™ (reduce neck chafing while working overhead).
- Universal Sizing for a custom fit.

BuckFold™ Skinning Knife

Standard Tip: **7092** | Blunt Tip: **70922**

- Ideal for gloved hands, making it perfect for linemen and other professionals who require gloves during work.
- Durable Carbon Steel blade with Titanium Finish coating for razor-sharp precision.
- Ergonomic Polypropylene handle.
- Compact 10.2" overall length.
- Includes an accessory ring for versatility.
- Lightweight portability at 0.5 lbs.

C-BK-20122CM1

EXPERIENCE THE POWER OF PRO

A PLATFORM THAT GROWS WITH YOUR WORKFLOW

Farwest's unique software and mobile app offerings Gearcor and PRO are equipped to scale to the needs of your organization, from small start-ups to international Fortune 500 Companies.

Our platforms are backed by a team of in-house programmers which allow us to continually develop new solutions around the way you do business.

Improve Supply Chain Visibility

Analyze what you're purchasing, who is placing the orders, and where the product is being sent. Create and schedule custom reports that empower your management team with insights to scale your business. For example, monitor purchasing trends, uncover cost saving opportunities, identify process inefficiencies, and control employee spending.

Manage Your Equipment

Gain visibility to the equipment you already own across your network and allow your team to track availability and set up transfers to reduce repeat purchases.

Stay in Control

Our robust purchasing approval system allow your team to set up purchasing controls based on your companies policies. Limit company purchases to approved items or give access to our entire catalog, set employee allowances, and even automate address corrections for mobile crews who are constantly changing locations.

Ensure Compliance

Set up alerts and Instructions for equipment inspections and their processes to track and maintain company and regulatory compliance programs.

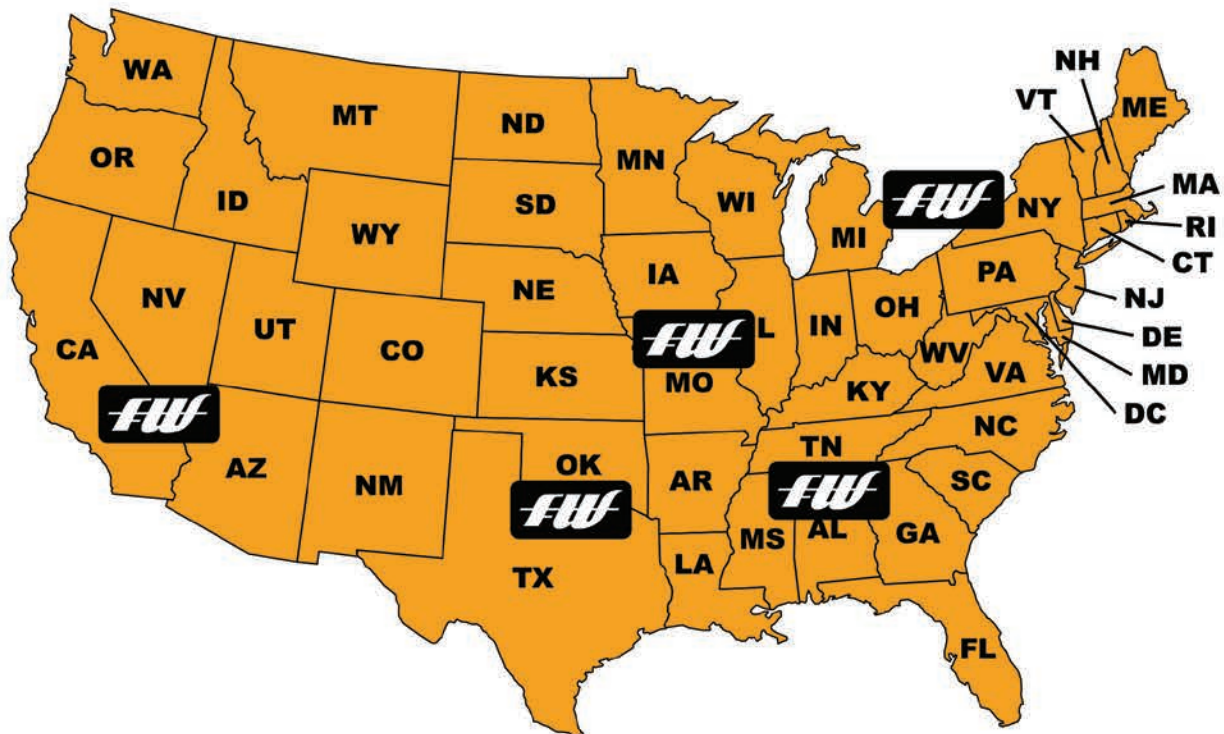

STAY SAFE AND PRODUCTIVE, ANYWHERE.

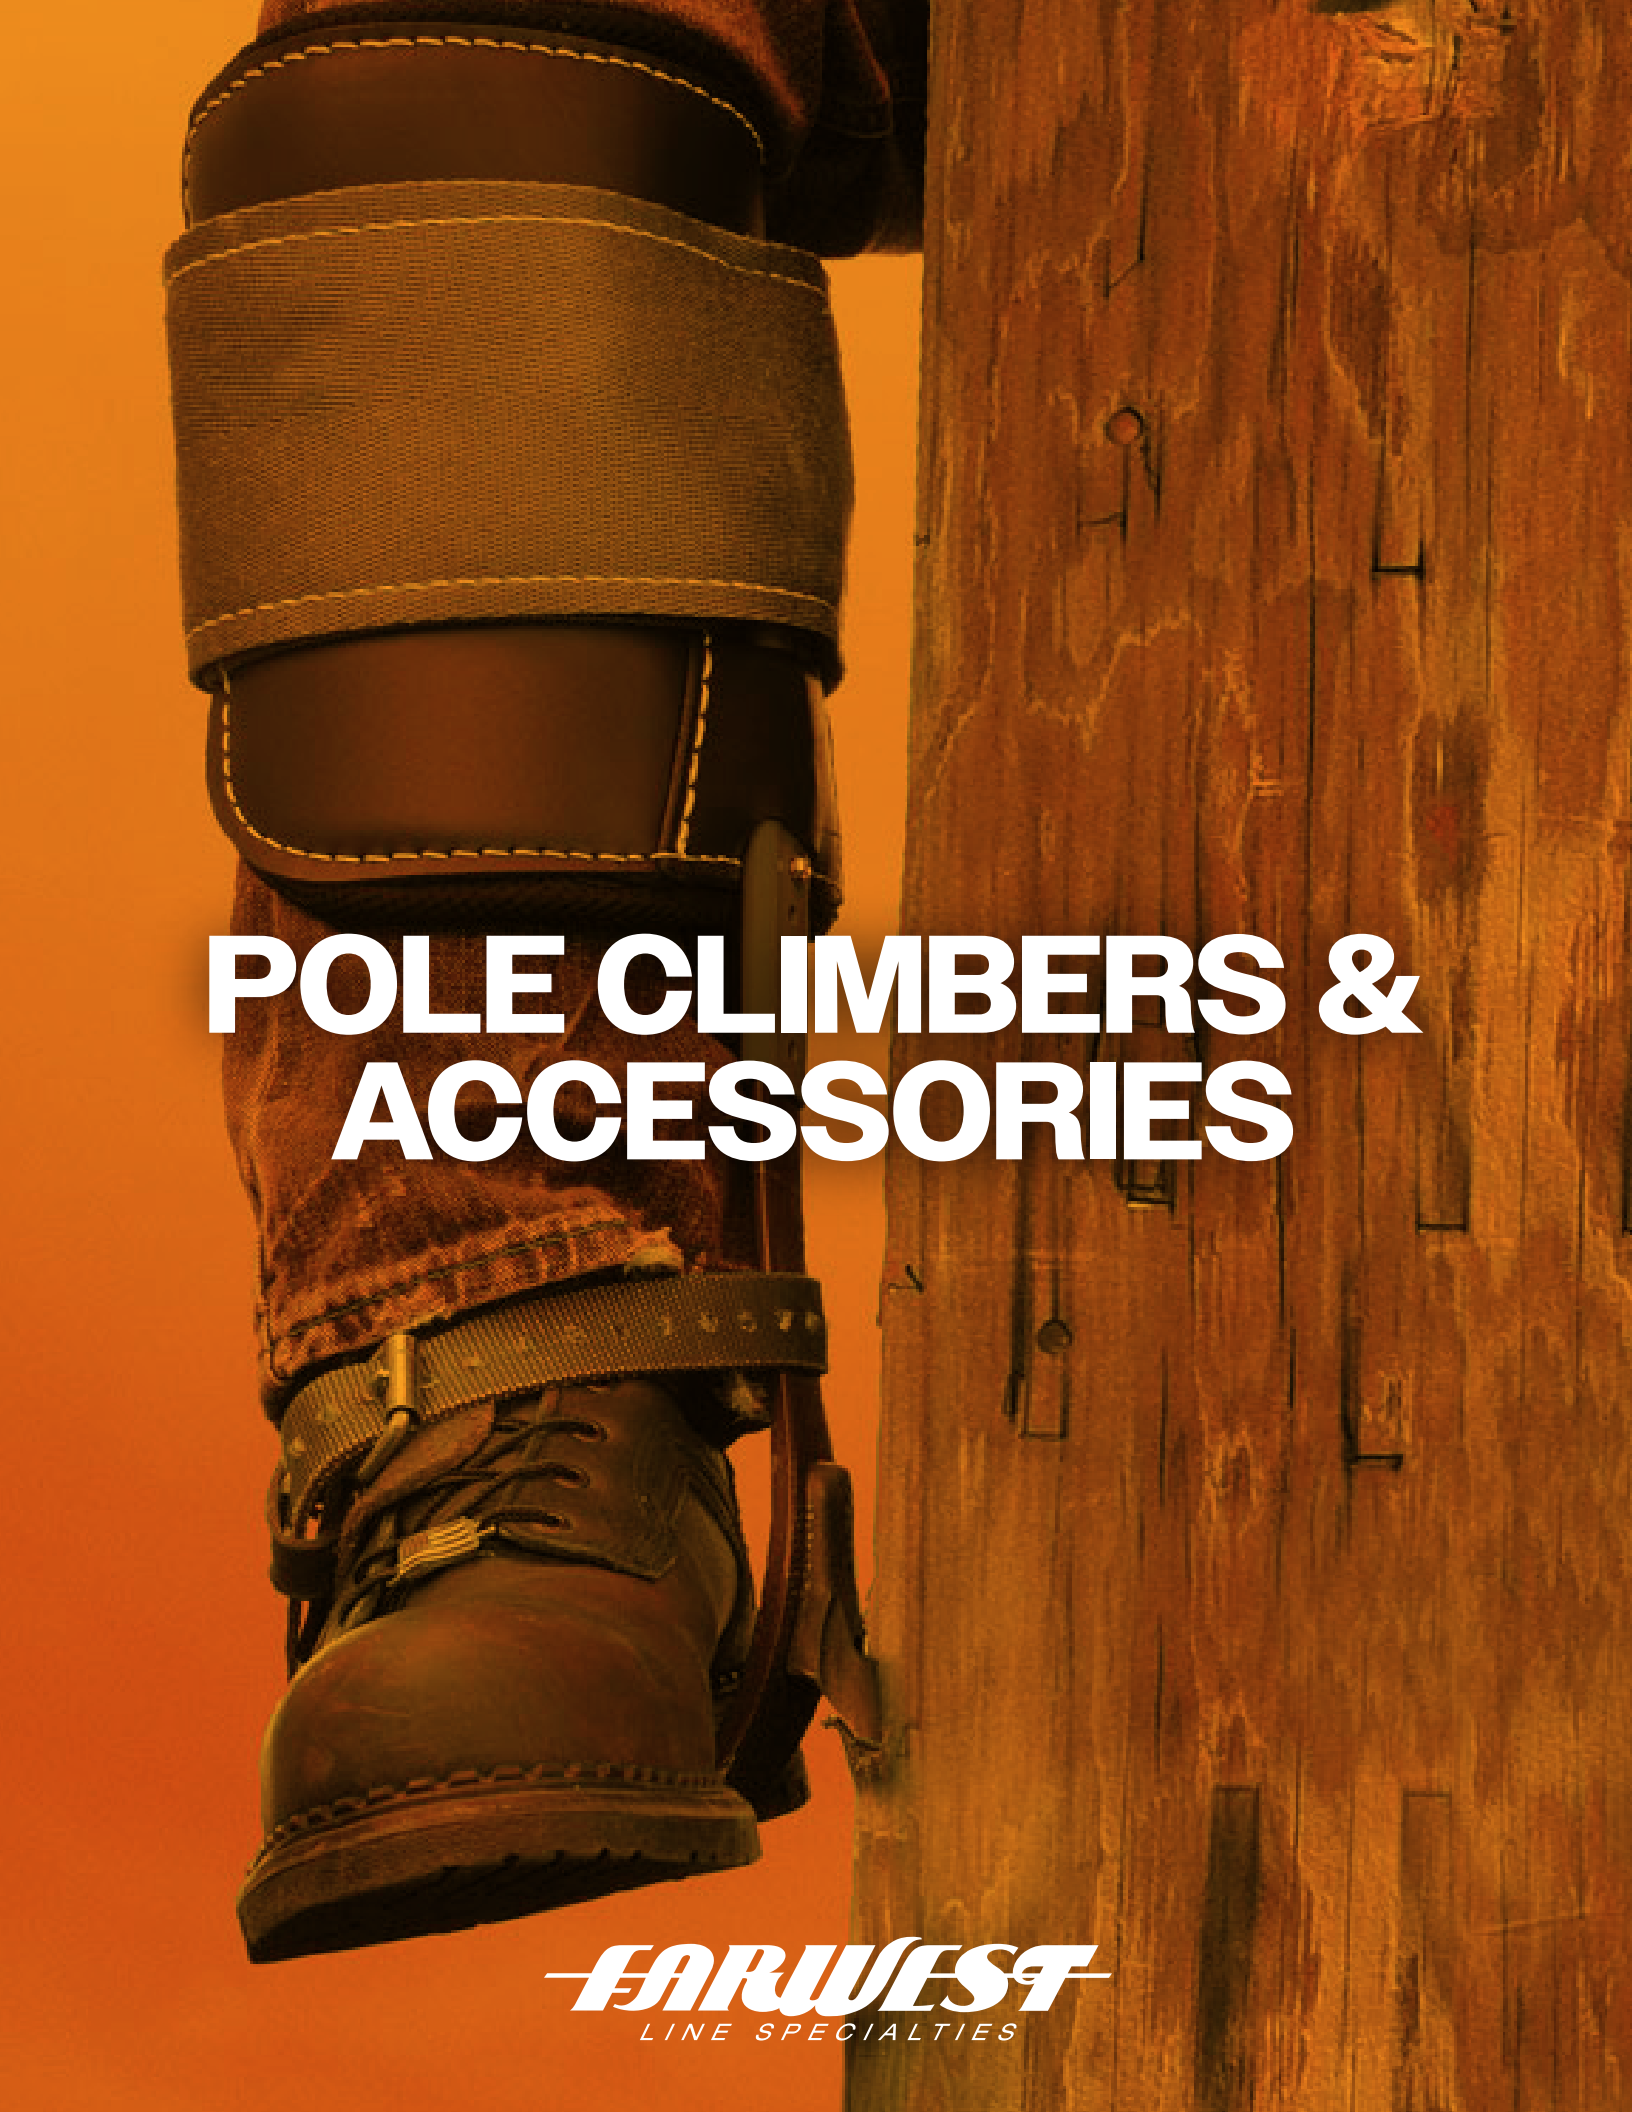

LOGISTICS - FAST AND SIMPLE

With our national distribution footprint, your gear gets from our dock to yours in two days or less for 91% of the continental United States.

Need gear internationally? No problem. Last year, we shipped products to 76 countries and expanded internationally into Ontario, Canada.

We understand your need for speed. Our world-class inventory management system allows customers to place orders as late as 6pm for same-day shipping.

A close-up photograph of a person's leg and foot. The leg is wearing a climbing device with multiple straps and a large, padded knee pad. The foot is wearing a dark, rugged boot with a thick sole. The leg is positioned next to a vertical wooden plank. The background is a solid orange color.

Yates

An aerial photograph of a white utility truck parked on a dirt road. The truck's boom lift is extended upwards, with a worker in a yellow safety harness and helmet positioned in the bucket, working on a power line. The background shows a dry, brushy landscape with shadows cast by trees and the truck.

**DESIGNED FOR
PERFORMANCE.
BUILT TO ENDURE.**

Yates Gear engineers world-class safety equipment for work-at-height professionals. Our innovative 390FR harness series are meticulously crafted in the US and empowers utility linemen to do their most critical work with confidence. We partner with experts in the field and use specialized materials to develop harnesses and lanyards specifically designed for the potential exposure to Arc Flash hazards. Yates harnesses and equipment for transmission tower workers and utility linemen are long-lasting, comfortable, and meet stringent industry standards including ASTM F887-23 and ANSI Z359-21.

MILWAUKEE M18 DUAL BAY SIMULTANEOUS RAPID CHARGER

The M18 Dual Bay Simultaneous Rapid Charger is capable of charging 2 battery packs simultaneously, over 3X faster than standard sequential chargers.

495-48-59-1806

MILWAUKEE M18 SIX PACK SEQUENTIAL CHARGER

M18 Six Pack Sequential Charger offers a compact design, integrated hang holes for vertical mounting, and a pass-through plug to conserve outlet space. Convenient molded carrying handle.

495-2727-20

MILWAUKEE M18 16-INCH CHAINSAW (TOOL ONLY)

The Milwaukee M18 FUEL 16-inch chainsaw cuts faster than a 40cc gas saw, delivering up to 150 cuts per charge.

495-2826-20T

MILWAUKEE M18 FUEL 14-INCH TOP HANDLE CHAINSAW (TOOL-ONLY)

The M18 FUEL 14" Top Handle Chainsaw cuts faster than 35cc gas, delivers the power to cut hardwoods, and eliminates the headaches associated with gas engines.

495-2821-20

MILWAUKEE M18 FUEL SAWZALL RECIP SAW (TOOL ONLY)

The next generation of legendary performance and durability, designed for the toughest applications.

495-2929-20

MILWAUKEE M18 FUEL DEEP CUT BAND SAW (TOOL ONLY)

Delivers user-demanded performance with the ability to cut faster than competitors. Lightest in its class, this Band Saw provides an overall better cutting experience.

495-2782-20

MILWAUKEE M18 FUEL METAL CUTTING CIRCULAR SAW (TOOL ONLY)

Milwaukee M18 FUEL Metal Cutting Circular Saw delivers incredibly fast and accurate cuts in a variety of metals. Using the POWERSTATE brushless motor delivers 3,900 RPMs.

495-2843-22

MB10

MILWAUKEE M18 FUEL UTILITY FENCING STAPLER KIT

The Milwaukee M18 FUEL Utility Fencing Stapler Kit delivers unmatched performance in a completely battery-powered solution. Delivers the power to seat staples into the toughest Utility Pole and Fence Post Materials. No Gas Cartridge Required. Completely Battery Operated.

495-2940-20

MILWAUKEE M18 BRUSHLESS STICK TRANSFER PUMP

Brushless Stick Transfer Pump delivers superior filtration for the fastest handheld pumping in trenches, vaults, utility pole holes, and more. M18 battery platform and brushless motor technology. This water pump transfers up to 25 gallons per minute.

495-2136-20

M19

MILWAUKEE M18 ROCKET TOWER LIGHT/CHARGER (TOOL ONLY)

Tower Light/Charger designed to deliver a lighting solution that adapts, performs, and survives the jobsite. Sets up in seconds to a max height of 7' and collapses to less than 4' for easy transportation and storage.

495-2354-20

M97

MILWAUKEE M18 SEARCH LIGHT (TOOL ONLY)

Pivoting head that provides 1,250 lumens of TRUEVIEW High Definition Output and over 730 yards of beam distance. Allows you to spot farther and flood brighter, giving you versatility, performance, and durability all in one light. Equipped with a low battery indicator and has an IP54 rating for superior water and dust resistance in all weather.

495-0884-20

MC1

MILWAUKEE M18 COMPACT BLOWER (TOOL ONLY)

The M18 compact Blower delivers the fast jobsite cleanup and an unmatched power-to-size ratio. Power control that includes a 3-speed electronic switch, lock-on, and a variable speed trigger which allows for versatile clearing power with a maximum air flow of 160 MPH and 100 CFM. Also includes a 9-inch extension nozzle and a universal inflator/deflator.

495-3017-20

MILWAUKEE M18 FUEL BLOWER (TOOL ONLY)

PowerState Brushless Motor delivers a constant 500 CFM, 120 MPH & 12.2 N of blow force. 40% quieter than competitors at only 54 dB. Variable Speed Trigger for increased user control. Optimized balance and ambidextrous sliding lock-on deliver improved clearing control. Reaches full throttle in under one second, boosting productivity and control.

332-DVI-500T/K02

DVI

HD ELECTRIC DIGITAL VOLTAGE INDICATOR KIT DVI-500T/K02

The Digital Voltage Indicators (DVI) are single point instruments designed to read the voltage on a conductor up to 500kV line-to-ground.

332-HVA-2000

HVA

HD ELECTRIC HIGH VOLTAGE AMMETER HVA-2000

The HVA-2000 is a high voltage digital ammeter designed for taking True RMS AC current measurements up to 2000 amps, 25-500Hz. The HVA can be used on system voltages up to 500kV.

BIM-83280

32Z

BIERER 0-35KV PHASING METER

The 83280 is a unique tool in that it may be used as a conventional phasing meter, or the meter probe may be used as a stand-alone voltage detector on primary or secondary voltages or capacitive test points.

HS-6793

HASTINGS TRANSFORMER AND CAPACITOR TESTER

Utilized to test the condition of transformers and capacitors before placing them into service. Provides operating personnel a safe and reliable method to verify that transformers or capacitors are not shorted or open prior to energizing.

IG-S100030-101

ILLUMAGEAR SIXTH SENSE PERSONAL VOLTAGE AND CURRENT DETECTOR

Sixth Sense is a personal voltage and current detector designed to be worn on any standard hard hat. It provides visible and audible alerts to foreign voltage and current events.

KT-HVNCVT-1

32W

KLEIN TOOLS HVNCVT-1 DUAL RANGE HIGH VOLTAGE TESTER

Klein Tools HVNCVT-1 Dual Range High Voltage Tester assists in checking for the presence of voltage in overhead conductors or finding faults in cables.

KT-HVNCVT-2

32X

KLEIN TOOLS BROAD RANGE NON-CONTACT VOLTAGE TESTER

Klein's Broad-Range High-Voltage Non-Contact Tester detects voltage up to 230kV AC in overhead conductors. The tester indicates the presence of voltage through multiple sensitivity levels with both audible and visual signals. Attach the tester directly to a hot stick or use the universal adapter to attach it to your shotgun.

SETE-50101-G-03

32G

STB PHASING VOLTMETER/SENSOR WITH HOT STICKS (0-25KV)

Includes full set of Hot Sticks. Replaces 3 separate units manufactured by competitors - line phasing, capacitance phasing and line to ground. Versatile, lightweight and easy to use. Each portable meter has a single range.

TS-K-3

51K

KNOPP K-3 PHASE SEQUENCE INDICATOR

The Knopp K-3 Phase Sequence Indicator is a reliable and durable tool designed to safeguard your equipment against damage while saving valuable man-hours.

CLASSIC MEETS

CUTTING EDGE

The revolutionary STUDSON SHK-1 safety helmet combines two different safety technologies into one helmet. Designed for the trades, it utilizes cutting-edge head protection components used in extreme sports. And the new full brim helmet represents the first of its kind in the Type II safety helmet category. Simply put, the STUDSON SHK-1 Full Brim safety helmet is the most innovative on the market. VISIT STUDSON.COM FOR MORE INFO.

PARTNERS IN INNOVATION

KOROID

twiceme®

C-STN-SHK1

STUDSON SHK-1 FULL BRIM NON-VENTED SAFETY HELMET

The STUDSON Full Brim Non-Vented safety helmet is embedded with innovative technologies, Koroyd and TwiCEme, and is the only safety helmet to combine these technologies. Designed for the trades, the SHK-1 utilizes cutting-edge head protection components. ANSI Class E. Available in Blue, Carbon Fiber, Green, Grey, Hi-Vis Yellow, Orange, White and more.

C-STN-SHK1-EWML

STUDSON SHK-1 TYPE 2 NON- VENTED HELMET

The Studson SHK-1 Type 2 Non-Vented Helmet is the most innovative industrial safety helmet to hit the market. Designed specifically for the industrial trades, the SHK-1 utilizes cutting-edge head protection components used in gravity sports but never before used together in an industrial safety helmet. Available sizes are M/L or L/XL in grey or white.

C-KA-WHE00097

KASK ZENITH X2 TYPE 2 HELMET

The Kask Zenith X2 Type 2 Helmet has an HD Polypropylene shell and a soft PA nylon headband. This X2 helmet is one size fits most. It has a 3-year guarantee and a shelf life of 10 years. Available in white, yellow, orange, red, blue, grey and Hi-Vis more.

C-PZ-A010AA00

PETZL VERTEX NON-VENTED HELMET

Petzl VERTEX Non-Vented Helmet features two adjustment systems that allow you to adjust the helmet to be centered by two side wheels, while the headband is positioned low on the back of the helmet for a secure fit. Available in red, orange, blue, hi-vis, black and more.

64Q

C-STN-SHK1-HS

STUDSON SHK-1 VISOR SHIELD

The Studson SHK-1 Visor Shield was strategically designed to seamlessly tuck under the brim. The attachment mechanism allows it to articulate over the brim and snap back into place. Certified to ANSI Z87.1+ standards, this spherical lens provides unparalleled optical clarity. Available in clear, and tinted mirror gold / light grey.

STN-ED-2B

STUDSON EAR DEFENDER EAR MUFFS

The Studson Ear Defender Ear Muffs come standard with a 30mm universal attachment which slides and clips into place in the integrated slot on the side rail of your SHK-1 helmet. Meets ANSI S3.19-1974 noise reduction standards. Noise Reduction Rating (NRR) of 22 Decibels. Easily adjusts for a comfortable fit over your ears.

STN-SHK1-KC87-H

STUDSON SHK-1 FULL FACE SHIELD WITH MECHANISM

With intentional design, the SHK-1 Full Face Shield is engineered for a seamless fit with the SHK-1 Helmet. These face shields easily mount onto the helmet for a secure and reliable articulation into the up or down position, ensuring maximum safety on the job.

STN-9140003

STUDSON FULL BRIM FACE SHIELD

The Studson Full Brim Face Shield offers unobstructed visibility, making it ideal for a variety of applications where a clear view is essential while maintaining high levels of protection.

STN-9142001

STUDSON FULL BRIM FACE SHIELD ARC FLASH RATED

The Studson Arc Flash Rated Full Brim Face Shield offers advanced arc flash protection. With an ATPV rating of 12 cal/cm², this shield offers robust protection against arc flash hazards, ensuring your safety in high-risk environments.

C-KA-WAC00036

KASK SUN SHIELD

The Kask Sun Shield is an adjustable accessory that fits over your helmet to block the sun from your face, ears, and the back of your neck. Available in Grey, Hi-Vis Green, and Hi-Vis Orange.

ESTEX MATERIAL BAG WITH SHUTE

The Estex rated material handling bag is easily hoisted by four points located in the corners of the bag that cradles the load using a material handler bucket. The convenient size enables the bag to easily fit into the back of a material handler bucket truck or in the belly of a back lot machine. 10-inch discharge bottom chute with protection flap.

RON-1011-11-kit

RONIN TITAN LIFT PERSONAL ASCENDER KIT

Prevent injury caused by fatigue and increases efficiency. Despite its compact size, this powerful tool was developed to manage heavy loads in harsh environments. The automatic in-feed rope system protects against detachment while providing operational capabilities not present in other ascender options.

SLC-TPE09682 SL7

SLINGCO POLE STAND

The Slingco Pole Stand is lightweight and compact making it easy to place, remove, and store on your truck or jobsite. The support leg's swing-and-lock design makes moving and storing the Slingco pole stand a breeze. The pole stand positions the pole at an optimal height for easy and safe framing. The pole stand's capacity of 9,000 lb makes it capable of handling the majority of wood distribution poles. Its curved cradle allows for safe rotation of the pole for proper framing positioning. The pole stand's high visibility and durability make it a proven choice for any work location or environment.

EXPERIENCE THE POWER OF PRO

A PLATFORM THAT GROWS WITH YOUR WORKFLOW

Farwest's unique software and mobile app offerings Gearcor and PRO are equipped to scale to the needs of your organization, from small start-ups to international Fortune 500 Companies.

Our platforms are backed by a team of in-house programmers which allow us to continually develop new solutions around the way you do business.

Improve Supply Chain Visibility

Analyze what you're purchasing, who is placing the orders, and where the product is being sent. Create and schedule custom reports that empower your management team with insights to scale your business. For example, monitor purchasing trends, uncover cost saving opportunities, identify process inefficiencies, and control employee spending.

Manage Your Equipment

Gain visibility to the equipment you already own across your network and allow your team to track availability and set up transfers to reduce repeat purchases.

Stay in Control

Our robust purchasing approval system allow your team to set up purchasing controls based on your companies policies. Limit company purchases to approved items or give access to our entire catalog, set employee allowances, and even automate address corrections for mobile crews who are constantly changing locations.

Ensure Compliance

Set up alerts and Instructions for equipment inspections and their processes to track and maintain company and regulatory compliance programs.

Rise.

Protect.

Perform.

Fall Protection is All We Do.
