The Lift Safety DAX hard hats have taken the world by storm. The unique Lift Safety DAX Fifty 50 Green Carbon Fiber Full Brim Hard Hat is an exclusive color you won't find anywhere else. Offering the design features of the traditional DAX Fifty 50 hard hats, the exclusive green provides a unique spin on an ultra-popular hard hat. **pg 120** ▶

Designed with stealth in mind the PMI Strikeforce Helmet is the first choice among the world's elite combat, fire, rescue, and enforcement teams. The matte finish contains no visible logo or reflective material to provide an aggressive-looking reflective-free surface. It offers a goggle mount, earmuff clips, a headlamp retainer, a three-point chin strap, and is fully adjustable to adapt to any situation. **pg 126** ▶

Adjustable to fit your needs, extreme comfort, quick and easy donning, and built to maximize airflow. The **Petzl Volt International Harness** feels and works as good as it looks. Designed with all climbers in mind, it meets both American and European standards. **pg 14** ▶

Innovative, safe, durable, comfortable, and American made. The **FrenchCreek Stratos Harness** checks all these boxes and more. With optional comfort shoulder and back pads, built-in leg pads, and open-celled air-mesh for breathability, this harness is up for any challenge. **pg 22** ▶

The **SafeWaze V-Line Dual Leg Lanyard** is designed to offer optimum maneuverability without compromising safety. Featuring a low profile and lightweight construction - this lanyard can make long days a little easier. And, the stamped steel rebar snap hooks are easy to operate without sacrificing strength. **pg 30** ▶

Mechanical advantage can make all the difference. The **WestFall Pro Mini Haul Kit** is compact and easy to take from job site to job site while still offering 4:1 and 5:1 mechanical advantage options. Featuring high-quality WestFall Pro hardware and rope, this mini haul kit is a must-have for every crew. **pg 73** ▶
